## OUTDATED MOD

This mod is not known to work with the latest version of Kerbal Space Program. Proceed with caution.

Information

Changelog

Stats

Grand Prix adds a selection of KK racetracks and racetrack parts to KSP. Requires Kerbal Konstructs to function.

Track sections are 24m wide, and lengths are in multiples of 24m.

Grandstand, finish line, and spawnpoint statics share the same centerpoint as straight track sections, allowing copy-paste of Static coordinates for easy alignment.

Included tracks:

Tracks can be found in the 'Other' category of the KK launchpad select menu in the SPH/VAB
